

CFPB TRID GLOSSARY OF TERMS

AIR: Adjustable Interest Rate

Amount Financed: The loan amount available after payment of the upfront charges.

AP: Adjustable Payment

APR: Annual Percentage Rate is the borrower's costs of the loan term expressed as a rate. This is not their interest rate.

Application: (for purposes of the TRID requirements) The submission of a consumer's financial information for the purposes of obtaining an extension of credit, and consists of the submission of the consumer's name; the consumer's income; the consumer's social security number to obtain a credit report; the property address; an estimate of the value of the property; and the mortgage loan amount sought.

Bifurcated: Means split into two parts. When a sale transaction regarding real estate is being handled by two separate settlement agents, a settlement agent for the buyer handling the issuance of a lender's policy of title insurance and a separate settlement agent for the seller responsible for issuance of an owner's policy of title insurance, it is considered to be a bifurcated transaction. This is sometimes referred to as a "split closing".

Business Day: Defined differently for the Loan Estimate (LE) vs. Closing Disclosure (CD): For the LE, a business day is a day on which the creditor's offices are open to the public for carrying out substantially all of its business functions. For the Closing Disclosure (CD) and revisions or corrections, a business day means all calendar days except Sundays and legal public holidays specified in 5 U.S.C. 6103(a) such as New Year's Day, the Birthday of Martin Luther King, Jr., Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans Day, Thanksgiving Day, and Christmas Day.

Closing Disclosure (CD): Closing Disclosure form designed to provide disclosures that will be helpful to consumers in understanding all of the costs of the transaction. This form will be given to the consumer three (3) business days before closing.

CFPB: Consumer Financial Protection Bureau (CFPB); an entity created by the Dodd-Frank Act.

Closing Date: The date that legal obligation starts. At time the Closing Date on the CD may be considered the signing date. Sometimes this is when the transaction is funded. This is also the Consummation Date. Note: Many lenders have expressed that this will be the signing date.

Consumer: Borrower/Buyer

Consummation: Occurs when the consumer becomes contractually obligated to the creditor on the loan, not, for example, when the consumer becomes contractually obligated to a seller on a real estate transaction. The point in time when a consumer becomes contractually obligated to the creditor on the loan depends on applicable State law. Consummation is not the same as closing or settlement.

Date Issued: The date the disclosures (Loan Estimate and Closing Disclosure) are mailed or delivered to the consumer. *Note: or as directed by the lender/creditor.*

Disbursement Date: The date the amounts are to be disbursed to a consumer and seller in a purchase transaction or the date funds are to be paid to the consumer or a third party in a transaction that is not a purchase transaction.

Finance Charge: The dollar amount the loan will cost the consumer.

IMD: Integrated Mortgage Disclosure (New forms: Loan Estimate (LE) and Closing Disclosure (CD)). The New Rule and Forms apply to most closed-end consumer mortgage loans. It does not apply to home equity lines of credit, reverse mortgages, or mortgage loans secured by a mobile home or by a dwelling that is not attached to real property. The new rule does not apply to loans made by a creditor who makes five or fewer mortgages in a year.

Issue Date on LE and CD: The date you deliver or place in the mail the applicable disclosure.

Loan Estimate (LE): Form designed to provide disclosures that will be helpful to consumers in understanding the key features, costs and risks of the mortgage loan for which they are applying. Initial disclosure to be given to the consumer three (3) business days after application and replaces the GFE and early TIL.

Total Payments: Total amount paid after payment of all principal, interest, mortgage insurance and loan costs as scheduled.
